Re: Kidney Hill (62 acres) - KWSB Reservoir

Dear Sir,

The citizens of Karachi have been following the saga of Kidney Hill for a number of years. On 24th January 2007 (copy attached) a news item in the Daily Dawn has alarmed all concerned and now we wish to know what is KWSB doing about it. There is a water reservoir in Kidney Hill which supplies water to the residents of Gulshan Town and Jamshed Town.

Kindly let us know precisely;

1. What area of Kidney Hill is in your control.
2. How many households receive water from here.
3. What provision has KWSB made in the event of a new housing scheme being developed in Kidney Hill.
4. We enclose the proposed layout plan of Kidney Hill. Please let us know whether it has been made with your consent.

Please treat this as most urgent.

Thanking you.

Sincerely,

Amber Alibhai
Mrs. Amber Alibhai
General Secretary
Shehri-CBE
